## Co-Curricular activity

### Training

#### WEB DEVELOPMENT

( Dec 2022 – Mar 2023 )

*Internshala Trainings, Online*

Successfully completed a 8 weeks online certified training on Web Development. The training consisted of HTML, CSS, Bootstrap, DBMS, PHP, JS, React, and Final Project modules. In the final assessment, I scored 50% marks.

### workshop

#### CLOUD TECHNOLOGIES IN AWS

01-mar-2023

Kumaraguru institutions, Coimbatore

During this workshop, I gained knowledge about various cloud computing technologies and acquired the skills necessary to set up a private cloud environment.

#### ANDROID APP DEVELOPMENT

06-may-2022

sona institutions, Salem

*Throughout this workshop, I've acquired knowledge about Android Studio and successfully created a basic calculator app.*

## Hackathon

( 11th-12th Apr 2023 )

National Hackathon

*In the hackathon, I designed "ServYou," a web application that generates food tokens, allowing users to purchase food items in a closed organization like colleges, IT companies etc.,*

### Project

#### E-TAILOR WEBSITE

This website enables users to purchase custom-made clothing tailored to their specific size while also providing job opportunities for tailors.

#### PORTFOLIO

This website contains my personal information, including details about my skills and qualifications.

#### TO DO LIST

Create a straightforward website that allows users to manage their to-do lists by adding, editing, or deleting items according to their needs. Developed based on crud operation using mern stack

#### BLOG WEBSITE

On this website, users can record daily entries similar to a diary, with the ability to edit and delete their entries as needed.

#### DRUM KIT WEBSITE

A basic drum kit website where users can play the drums.
